

# Contract Fascial Course Information Sheet

*(Classic SCS courses are not included in this agreement-please see separate agreement.)*

**Thank you** for your interest in Contracting an Fascial Counterstrain (FCS) Course.

Contracting a course with the Jones Institute means providing your staff with instruction and education from the Originators of the Strain and Counterstrain method and techniques. The very best!

---

## FEES / INVOICING:

### 1. CONTRACTED SCS VC, SCS LS or SCS AR PER COURSE FEE SCHEDULE:

Attendees	Instructors	Lab Assistants	Price - Cost
1 - 16	1	0	\$ 6,000.00 + expenses outlined below

*Note: Courses are determined on a case by case basis – dates, location and larger course size are dependent on the instructor's approval.*

*If you have specific requirements/requests, please write them on the fax interest page at the end of this information or feel free to call us.*

Upon signing the agreement the Contracting Host will provide the Jones Institute with the assumed number of attendees to include providing a final count of attendees two weeks prior to the course. This will be the final count invoiced.

### 2. DEPOSIT REQUIRED:

A non-refundable \$1,500.00 deposit is required to secure your course dates and is held for this purpose alone. The non-refundable deposit is invoiced upon receipt of the signed agreement and must be received by the Jones Institute before contract dates are secure. The paid deposit amount will be deducted from the final invoice of course completion.

### 3. CANCELLATION AGREEMENT:

Should the host cancel the course for any reason they agree to reimburse Jones Institute for any non-refundable travel expenses already incurred for the course. Should this happen receipts will be provided with an invoice to the Host. (The non-refundable deposit cannot be applied to cancellation of a course.)

### 4. FINAL INVOICING:

Upon completion of the course the Jones Institute will invoice the Contracting Host for the course fee and expenses outlined in the Contracting Host responsibilities section below less the deposit amount paid. The final invoice will be due Net 30 days from the last day of the course.

## RESPONSIBILITIES:

### Jones Institute:

- Will provide qualified Instructors, Lab Assistants and/or Table Trainers accordingly.
- Will make reasonable travel arrangements for instructors or assistants as required.
- Will provide each registered attendee with a course Syllabus and a Certificate of Completion. In addition, the following is supplied: A Flip Chart for FCS VC.
- Will provide any necessary Provider paperwork for the Host's CE Application.
- Will provide further assistance we can to the Contracting Host Facility.

### Contracting Host Facility:

- All course administration preparation: advertising, processing course registrations and, collecting registration fees.
- All course expenses as they apply:
  1. Food and beverage supplied. Food/Beverage recommendation and schedule will be supplied.
  2. Shipment of course materials to course location. (Shipped UPS Ground. To be billed on final invoice.)
  3. Travel expenses for Jones Institute instructors and assistants working the course i.e. airfare, hotel, car rental, meals, parking, mileage and/or transportation fees, and any reasonably incurred traveling expense relative to the course. (To be billed on the final invoice of completion of the course.)
- Apply for CEU approval in mandatory states with a pre-approval process.  
(Course Goals, Outline/Objectives & Basic Schedule sheet will be provided to Contracting Host facility.)
- Provide the Jones Institute with a final and complete list of participants two weeks before the course.  
(The Agreement will outline specifics of information required per participant.)
- Provide AV equipment as needed: Powerpoint projector with a standby computer and a screen.  
**Note: All SCS courses are given using Powerpoint.**
- Provide a location suitable to hold a three-day lab course for all attendees with 2-3 people working at each treatment table. (2 per table is preferred.)
- Provide treatment tables or tables with appropriate 1" padding.
- Provide the Jones Institute with:
  - Course Location Information: Facility Name, Room, Address, City, St & Zip Code
  - U.S. Mailing Address
  - United States Parcel Address
  - Contact Info: Contact First and Last name, phone number and email address
  - A Schedule Choice:
    - LATE START: Friday from 1-7pm, Saturday from 8am to 6pm, Sunday from 8am-3pm
    - or REGULAR: Friday & Saturday from 8am-5pm, Sunday from 8am to 3pm

## COURSE SUMMARY:

A Jones Institute Strain Counterstrain course is generally a three-day course held Friday through Sunday. However, the course schedule may be customized according to the contracting company's time restrictions and at the approval of the instructor.

Course		Areas covered	Prerequisites
FCS FI	Fascial Introduction	This class, which acts as the pre-requisite course for the recently developed FCS series, will provide students with approximately 10 of the most powerful techniques from each class in the Fascial series: SCS VC-Viscera, SCS AR-Arterial System, SCS LV-Lymphatic-Venous, SCS N1-Nervous System, Part 1 and the future SCS Ligamentous-Capsular courses.	None
FCS VC	SCS for the Viscera	Over 65, newly developed techniques that alleviate abnormal soft tissue tension in the peritoneal cavity, pelvic cavity, thorax, visceral vascular system and associated fascia.	SCS I, II or FCS FI
FCS LV	SCS for the Lymphatic System	Explores the newly discovered entity of lymphatic dysfunction. This condition, identified by the presence of lymphatic tender points, is essentially a vasospasm of the large lymphatic vessels of the body. Patients typically report instant pain reduction and notice a marked reduction in edema / fluid symptoms.	SCS I, II or FCS FI
FCS AR	SCS for the Arterial Systems	Over 75 newly discovered techniques that directly affect the vascular fascia or "tunica adventitia".	SCS I, II or FCS FI
FCS N1	SCS for the Nervous System, Part 1	SCS N1 explores the newly discovered entity of neuro-fascial dysfunction focusing on the nerves of the cervicothoracic spine, upper extremities and cranium.	SCS I, II or FCS FI
FCS N2	SCS for the Nervous System, Part 2	FCS N2 is the continuation of the neuro-fascial treatment concept from FCS N1 with the focus now placed on the structures below the diaphragm.	FCS N1
FCS MS1	SCS for the Muskuloskeletal System, Part 1	MS1 explores specific aspects of musculoskeletal dysfunction including "Myo-chains" and spinal ligament dysfunctions.	SCS I, II or FCS FI

*(The Classic SCS courses are not included in this agreement-please see separate agreement.)*

If you have additional questions and are interested in Contracting one of these courses please, complete the form on the following page and fax it at your earliest convenience. Please feel free to visit the website [www.jonesinstitute.com](http://www.jonesinstitute.com) for more information about Jones Institute. Again, we thank you for your interest and look forward to speaking with you.

Sincerely,

*The Jones Institute*
